

# CTEVT FACTS SHEET

Council for Technical Education and Vocational Training (CTEVT) is an autonomous organization established under Council for Technical Education and Vocational Training Act, 2045 with objectives of coordinating TVET activities in the country, producing basic to higher level technical human resources; and certifying and accrediting skills that are learned formally or informally. Since then, CTEVT has remarkably expanded and developed the TVET landscape in the country. More than five hundred long term TTPs and almost equal number of short term TTPs are currently operating their TVET activities through out the country under CTEVT. Besides, it develops TVET curricula, conducts research and studies, monitor and evaluate TVET programs to ensure its quality and carry out coordinating activities among various TVET stakeholders. This Fact Sheet is published to inform related TVET stakeholders including planners and policy makers about the current status and activities of CTEVT in particular and TVET in general.
